

Topic fun

We have been to African looking at our very own 'Deadly 60' animals, writing descriptions, facts, Top Trumps and making bar charts to compare our facts.

We have really enjoyed our Music Curriculum Trail, using music in maths, science, art, learning new songs and exploring how music makes us feel.

Maths Corner

This week we have been learning about doubling and halving.

How quickly can you write all the doubles to 20?

Can you halve number up to 50?

Take a look at this website:

www.wmnet.org.uk/resources/.../Hit%20the%20button%20v9.swf

Things to remember...

Fluffy Friday next Friday!! Look out for the forms coming home.

Next week we are off to New York! So if you have anything 'Big Apple' related, do send them in.

Round the world..

Spellings

This week we have been learning words ending in ck.

Can you also learn to spell these words please!

man, food, pond, wheel, blanket, grass, posters, window, people

We have been thinking about Deadly 60 this week. Can you think of a different way of categorising animals? Eg the friendliest, the best pet, the most endangered, most famous, rarest. Which animals comes top of your list and can you explain why?

I'm bored box.

Have a go at designing your own wildlife park—draw it, make it out of junk or turn your bedroom into a safari park! Which animals will you have, what kind of habitats do they need, how will people get around your park? Can you tell a story about the animals in your park.
