

Topic fun

Our final destination of the term has been the bright lights of New York City!

We have eaten bagels in a sidewalk café, climbed the heights of the Empire State Building, braved the crowds in Time Square and watched the lights of the skyline reflected in the Hudson River—quite an adventure! In our writing we have been thinking about all the different ways of describing what a place is like.

Maths Corner

We have been thinking about symmetry this week. Can you draw or make a symmetrical pattern?

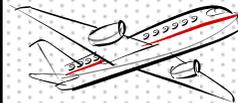

We have been thinking about different kinds of subtraction—taking away and finding the difference. Can you draw your own number line to help you to solve subtraction problems?

Things to remember...

We're off to church on Wednesday morning. Please could the children come to school in their UNIFORM and BRING their PE kit for the afternoon's games.

School will close on 1.30 pm on Thursday and re-open on Monday 15th April.

Round the world..

Spellings

Make sure you are confident with last week's spellings and now can you learn to spell these words please!

**bushes, horse, sticks,
spoke, Tuesday, fetch**

Writing corner

Bright lights, big city.... Have you ever been to London or another big city? What's it like? If not, find some pictures and imagine.....

Remember to use lots of lovely describing words and an "ly" word. What can you hear, taste and smell?

I'm bored box.

Where in the world would you love to travel? The Amazon Jungle, the bottom of the ocean or even outer space? You could invent your own perfect place—a tree house by the ocean or an underwater palace near the coral reef. Make a picture or a model, write a story or get outside and create your own special corner of the garden!
