

Literacy

In Literacy this week we have been looking at pronouns and how the children can incorporate them into their writing. We have also been continuing our Time Machine stories, exploring the Greek Agora and discovering Greek monsters.

Maths

This week we have been looking at Capacity and interpreting data. The children worked out the capacity of their fists. They measured the displaced water in millilitres. Claire shocked us all by measuring the displaced water from her entire head.

Mathletics

There is a task set on tally charts now on Mathletics

Carrie's War Theatre Trip

Thank you to those parents that have expressed an interest in the theatre trip. I have written all the childrens' names down and once we have a definitive list I will ask you for payment! If there are any spaces we will offer them to the parents.

We had a great time with Nick the Vic from Christchurch. We went onto look at the similarities between St Nicolas Church
