

Literacy

This week we have been focusing on descriptive writing. The children have been describing, gruesome and scary Greek monsters. We have thought about powerful similes and adjectives.

Maths

Last Thursday we collected data on the different types of shop that can be found on Guildford High Street. This week we have been creating bar graphs and pictograms with that data. The children then thought up some of their own questions based on the data collected.

RE

We have been thinking about the differences that we saw between the two churches we visited last week. Considering how Christians worship in different places and in different ways.

Reminders and Notices

Carrie's War—There are just a few places left now, so if your child is interested, please do get in touch with Ginnie. When we have a complete list we will send out letters with all the necessary information.
