

Just to Let you Know

Thank you to everyone who came to Parents' Evening. It was great to meet with you and share the progress your children are making.

Next week we plan to do some gardening with the children to spruce up the Reception garden for spring. We would welcome any donations. E.g. Polyanthus, pansies, daffodils. Anything bright and cheerful! If you enjoy a spot of gardening and would like to come in and help, do please speak to Sian and Sarah.

Under the Sea LEAP

We've had a lovely time this week learning about the importance of sharing through 'Rainbow Fish.'
We've also been fascinated by the largest creature on earth-the Blue Whale. Ask your son or daughter if they can tell you any interesting facts about it's size...!

We hope to go to the Wild Place next Wednesday.

Please speak to Sarah and Sian if you are willing and able to join us.

Please also make sure your child has a pair of wellies at school as the route is quite muddy...!

Hazel & Willow

Comic Relief!

Next Friday (13th) we will all be doing something funny for money.

The theme this year is 'Funny Faces.' All children can come to school wearing some kind of funny face. E.g. face paint, mask, wigs, red noses etc...

Reception will also be doing a 'Sponsored Scoot.'

Look out for a letter with more details to collect sponsors.

Your son or daughter can bring their scooter or bike to school for the challenge.

Please make sure it is named.
