

Maths

We have been looking at fractions again this week and have been learning how to add fractions. If you would like a bit of practise look at mymaths.co.uk (username: pewley pass-word: squared) go to: number—fractions—y5—adding subtracting fractions.

In SPAG this week we have looked at words containing the letter-string ough.

Spelling test will be every Wednesday.

Just to let you know...

Dear Parents,

Our Brenscombe Farm meeting is on Thursday 23rd March, straight after school at 3.30pm. We'll be giving out all the information slips and forms and answering any questions that you have, we look forward to seeing you there.

Best wishes,

Bec, Heather, Laura and Nick

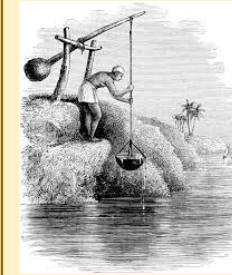

English and Topic

We have had lots of fun this week, finding out about Tutankhamun and Howard Carter's discovery of his tomb. The children then looked at the features of newspaper articles, before they wrote their own sensational reports.

In topic, we looked at Ancient Egyptian

farming and the children had a go at designing and then building their own shaduf.

Homework

There is a sheet for children to choose an adding fractions activity from. Please also continue to listen to your child read and spend time discussing the text and any unfamiliar words. Keep signing reading records (3x per week) and remember to choose a new task to complete, from the front of reading records too.

MATHS... A heads up! Next week in Maths, word problems If you want to get a head start, take a look here: http://www.bbc.co.uk/bitesize/ks2/maths/number/problem_solving/read/1/

HEADS UP!
