

# Year One

Beech and Oak Class

16th March 2018

## Dance

We have been lucky enough this term to have Maggie join us on a Thursday morning teaching us dragon dance! We have had great fun imagining we are knights and dragons and using our bodies

## Writing

This week in our writing lessons we have spent some time transcribing our stories. We focussed on using adjectives to make our writing more interesting. Later in the week we had a wonderful surprise when our eggs finally hatched! We wrote a list of instructions for how to care for our dragon and looked at structuring our work with time words (first, then, next, finally).

Maybe your child would like to write a letter to the class dragon!

## Maths

It has been money, money, money this week in Year 1! We have learnt to recognise all the British coins and understand that the value of the coin does not depend on its size! We then moved on to adding amounts of money at our dragon shop using a number line. We have looked at how to make a certain amount of money using different coins. How many different ways can your child find to make the total 20p?
