

Friday 16th March 2018

Dear Parents

During the final week of term we will be thinking about the Easter Story and will be taking part in lots of Easter activities.

On Monday 26th March we would like the Year 2 children to make their own Easter garden. Please could your child bring in some of the materials needed so that they can make it at school. Materials should be brought to school in a named carrier bag **on Monday morning**. Please feel free to bring as much or as little from the list below as you would like to.

Suggested materials for a lovely Easter Garden:

- A small shallow tray, dish or lid. A foil tray or a plastic garden tray is ideal
- Small, bright, flowering bedding plants or plugs e.g. primroses, pansies, crocuses or daffodils
- Garden soil or potting compost
- Moss or sand
- Dried twigs
- Gravel
- Small stones or pebble

A lovely aspect of this activity is that we share the resources brought in by the children so that everyone is able to make a lovely garden.

Unfortunately we won't have anywhere to store these things safely so please don't bring anything in before Monday 26th March.

The children will bring their completed gardens home on Monday 26th March for you to enjoy at home. Thank you for all your contributions.

Thank you

The Year 2 Team
