

Year One

Beech and Oak Class

Friday 8th March 2019

We have had a busy week in Year One! We finally launched the Dragons topic and now, mysteriously each class have dragons' eggs to care for. We have also made a start on sculpturing our clay dragons for this term and very much look forward to painting these over the next two weeks.

Just a reminder that it is Comic Relief next week (Friday 15th March). Your child is welcome to come in dressed in their own clothes. We ask for a donation of £1 which we then collect and send to Comic Relief.

We look forward to seeing you all for our brief parent consultations next week. Due to the meetings being only 10 minutes long we want to reassure you that if you need to talk to us further we are happy to arrange another meeting.

We hope you have a lovely weekend

Claire and Georgie

### English

We entered the classroom after lunch on Tuesday to find a riddle waiting to be solved! Each riddle led us to the next. They were all located in a different location around the school. Eventually we were led back to our classroom where we found a dragon's egg waiting for us! After talking about caring for the egg we spent the rest of the week having a go at writing our own riddles for a chosen object or character.

### Maths

This week we recapped place value up to 50. Using ten frames and dienes we discussed the tens and ones places for two digit numbers up to 50. We also continued to practise addition and subtraction with 2-digit numbers using the dienes by adding or subtracting 10.
