

Just to let You Know

Maths

The children have been working hard to use coins in our outdoor shop and practise their skills playing money bingo, solving money word problems and getting used to making amounts with the coins. Next week we are going to be learning about weighing, measuring and capacity.

We made mini dragon pizzas today which were delicious and everyone had fun making the shape of a dragon on their pizza!

Class Photos

Please don't forget that class photos are on Monday morning.

We all had a great time visiting Guildford Castle and St Mary's Church. The children loved exploring the castle keep and finding traces of Flame the dragon who left treasure for us. We loved the stained glass windows in the church and inspired by these we are hoping to make our own next week. Many thanks again to the parents who came with us.

Sound of The Week

This is 'oo' as in food, cool, zoom, spoon. See if your child can write the same sound a different way. Look out for different words with the oo sound and let us know.

The children have been making booklets about their visit to the castle and church. They are all working hard to write a series of sentences.
