

Just to let you know...

Reception

Willow & Hazel

Phonics

This week we're going to be applying our key words from our reading books to write sentences. We will also be using our curly letters, full stops and capital letters.

Library-don't forget to return your books
Hazel change their books on Wednesdays
Willow change their books on Thursdays

LEAPS

This week we have been doing ladybird activities inspired by Eric Carl's 'The Bad-tempered Ladybird.' We've made ladybirds, created ladybird stories and thought about what makes us bad-tempered or happy. Due to the wet weather, the children have been finding lots of snails and this has been feeding into the next stage of our LEAP.

Maths

The children have been working really hard with money this week. We plan to take this further and use money to help them with their addition skills. Perhaps let your children play with some of the spare change in your wallet. Can they tell you what the coins are and add them together to make different combinations?

Go Go's

We'd really appreciate it if you could ensure your child keeps Go Go's and other small toys at home. We realise they are very easy to sneak into pockets but we wouldn't want them to get lost.
