

## Just to let you know...

### Phonics

We are going to continue for little bit longer on letter names rather than their sounds. Can they sing you the alphabet song and point to the letters as they sing?

### Maths

We are going to be learning about time including the days of the week, seasons and O'Clock.

Maybe at home have a look at different clocks or watches in the house. Talk to them about big hand, little hand, can they count the numbers around the clock?

Perhaps refer to the clock to help them anticipate something that will happen. E.g. When the big hand is on the 12 and the little hand is on the 6 it will be 6 O'Clock and that is when we will eat tea.

## Reception

## Hazel & Willow

### Cooking Corner

### Honey Sandwiches

### **Minibeast LEAP**

This week the children had a special letter and parcel from ZooBob the alien. It was a caterpillar kit! The children have promised ZooBob that they will look after them and watch them transform into butterflies!

They have also written back to ZooBob as he wasn't sure what caterpillars were. The children have been asking lots of questions about ants. How they live, what they do and why are they so strong? This is something we plan to investigate next week...
