

What am I?
2nd May 2012

I am inquisitive and adventurous. When I stretch out I'm about as long as 2 rulers. When I'm scared I might hide in a box. Although my owners feed me I might get lucky and find something outside in the garden too. When I was born you could have held me in 1 hand. I can make many noises but when I'm happy I purr. What am I?
