

Just to let you know...

Year 1, 3.5.13

Hurray! The sun is here! We think we have finally made it out of winter! As the weather gets warmer, don't forget to send your children to school with water bottles, hats and sunglasses to keep them safe at playtimes. We are outside a lot in the summer so please make sure your child has got sun cream on in the mornings. Thanks :)

Maths

This week we have been measuring! We used 1m long pieces of paper to see which things were longer/ shorter than 1m, then had a go at measuring in centimetres using a ruler. See if you can measure things around your house using a ruler. You could even find ways to record your findings!

Invitation!

You are invited to an exciting party which will take place on Thursday 23rd May at 2pm. Look out for your invitation and more details in a couple of weeks!!

We had such fun at the Wild Place this week, making sculptures inspired by Andy Goldsworthy. We used sticks, petals, leaves and flowers to make lovely artwork. Thanks to all who came along to help. If you can help next week there is a sign up sheet outside the classrooms.
