

CURRICULUM NEWS

English: We've been editing and improving our work this week. We have also used dictionaries to check our spelling. After this we have been taking care to write up our work neatly.

Maths: What is $\frac{3}{4} + \frac{1}{2}$?

These are the type of tricky questions we have been working on in maths this week. Can your child add simple fractions with the same denominator?

E.g. $\frac{1}{4} + \frac{3}{4} = 1$

Fluffy: We hope everyone had a great fluffy and enjoyed the huge range of activities. Enjoy a well deserved break over half term.

Reminders and Notices

Just a reminder of upcoming events. Henley Fort will be on the 11th (3C), 12th (3N) and the 13th (3G). It is non uniform and will be a very active day.

Year 3 sleepover, 20th June, please let class teachers know if you are able to help in any way.

Just to let you know

Important changes to reading next term.

Beginning the first week back we are trialling a new approach to guided reading. Guided reading will now be held three times a week (Mon 11-11.20, Tue 8.45-9.05, Fri 11 - 11.20) and will be in 20 min sessions. We hope that this will provide the children with more focussed time with class teachers. We understand this will affect those of you who have been kind enough to help out with reading so far. If you would like to continue helping with reading you will be most welcome during any of the three readings slots. The reading sessions will be split into a carousel of six activities covering a range of reading skills. If you are interested in helping or have any questions regarding these changes please email class teachers.
