

JTLYK YEAR ONE
FRIDAY 20TH MAY 2016

Phonics

The children are working very hard at school with their phonics skills. They really enjoy the daily dictation exercises and fun 'Phonics Play' website activities. Please keep up the hard work at home through Sound of the Week books and regular practising.

Maths Corner

This week we have been learning about fractions! The children have worked out halves and quarters of shapes and numbers.

We have also learned about doubling and halving numbers up to 10.

Ask your child to draw round a plate, then fold the paper to make 2 halves and then into 4 quarters. Then ask them to cut out 1 quarter - how many are left?

Dear Parents

Gardener George set us another challenge this week and sent us our very own Venus Fly Trap plant! The children are very excited to see if a fly will get eaten in the classroom! Ask your child to tell you 2 facts about this fascinating carnivorous plant. The children have also designed their very own fantasy plant and have practised their curly school handwriting to tell us all about them.

The children are running hard on their way to Rio! We have had a couple of wet days this week but we are on track! We are also excited about the Golden Boot Challenge starting after half term (see Newsletter)

Have a lovely weekend!

Sarah and Sheena :))

Garden Party on Wednesday 25th at 1.45 pm

We are really looking forward to seeing you.

It is a great opportunity to look at your child's books, as well as admiring the artwork and lovely gardens!

NO WILD PLACE ON TUESDAY!
