

JTLYK YEAR ONE
Friday 12th May 2017

Maths

This week we have been working hard on telling the time, looking at half past and o'clock. The children have been really enjoying using the Lumio App in class.

We haven't worked on recognising 2D and 3D shapes for a while so it would be great for the children to have a go at the '2D and 3D shape' challenges on Lumio at home this week.

English

The children are working so hard on their phonics in class and thank you for working with them at home. Please keep up the great work as it is making a big difference.

Binca

We are enjoying learning different stitches with our binca sewing and the children are looking forward to showing you their lovely handiwork at the garden party!

Sandcastle Extravaganza!!!

Well done to all the children for building so many sandcastles! Please check the JTLYK books for the amount of sandcastles your child managed to build. Please can you bring in the sponsorship money this week in an envelope (cheque/cash) for the office. Thank you very much for your support.

Garden Party

We are really looking forward to seeing as many parents and grandparents as possible at the Garden Party on the 25th May at 2pm. The children are very excited to show you the wonderful work they have been doing...look out for your invitations!

Wild Place

A very big thank you to all who helped us spread the wood chippings onto the paths. The children worked fantastically as a team and the paths look great. Please do have a look at the lovely pictures on the website.

Next week we are going to be collecting leaves and learning to name some of the trees in the Wild Place.

Best wishes from Sarah, Claire and Chloe
