

JTLYK YEAR ONE

Friday 19th May

Tuesday 23rd May—No Wild Place - but helpers are very welcome to come in the afternoon and help the children with Binca sewing and gardening in our Year 1 garden. Thank you!

Dates for your Diary!

Thursday 25th May—Garden Party in Year 1 at 2pm

Tuesday 4th July—trip to Painshill Park all day (We are going dressed up as pirates!!)

Letter coming soon.

Dear Parents

We have been very busy this week keeping up to date with our bean diaries . Please ask your child about their bean or pea plant and see if they can explain what has been happening! We enjoyed learning about a Venus Fly Trap plant and we watched a clip of David Attenborough explaining the mysteries of this plant. We then had great fun using our imaginations to design and write about a weird and wonderful plant.

Phonics - Everyone is working very hard on their phonics and making good progress. Next Friday we will send home another list of real and alien words for your child to sound out and blend.

A huge thank you for the sandcastle sponsor money . We have raised nearly £1000.

Maths

The children have been enjoying finding out about Capacity. They have been estimating which container holds more and carefully measuring to see if their guess was close. We have been using the words litres and millilitres. We have also been revising bonds to 20 and using this knowledge to solve simple problems.

The children have enjoyed using Lumio for this too.
