

JTLYK Year One 5th May 2017

English

The children are working so well in their daily phonics lessons and we are seeing a good improvement in their reading skills. Thank you for working so hard with your child in their Sound of The Week books too. It all really makes a big difference. Don't forget 'Phonics Play' is such a good game to play on the computer. (pewleyphonicsplay is the password and username) and please focus on Phase 5.

Wild Place

The children really enjoyed water colour painting at the Wild Place. Next week we are going to be working together as a giant team spreading the bark chippings onto the paths.

Maths

We have started using Lumio in class. This week we have been learning about how to find half and a quarter of a shape. Lots of children have had a try at using this at home. If you go to 'My Lumio' there is a Telling the Time challenge for you if you'd like to have a go.

Sandcastle Extravaganza!

Your child will have brought a sandcastle sponsor form home this week. On Thursday 11th the children will all have a chance to see how many sandcastles they can build in 5 minutes! We will let you know how many sandcastles your child managed to make.

Science

The children check the beans, peas, sunflowers every morning and we are very excited to see lots of leaves and shoots.

Run To Sochi!

We are amazed by how well the children are doing. They are all so enthusiastic and the miles are mounting up!
