

Just to let you know...

Whilst we have still incorporated a Space theme to our learning, we have also begun to look at money this week. At the start of the week, the children read Q Pootle books and wrote to him, asking how they could help him to get home.. They also made some great 'junk' aliens and made some wonderful creations from plasticine and k'nex. Later in the week, the children were introduced to the coins we use and played lots of games with money—becoming familiar with the value of each coin. They did some super independent writing when they wrote their own shopping lists, then took them to the role play area to do shopping with real money.

Reception thoroughly enjoyed their first FLUFFY with the whole school and really made the most of all the great activities on offer!

Don't forget to return permission slips for our trip to The Lookout, and please email your child's class teacher if you are able to come along and help.

The week after half term is Healthy Week, we've got lots of exciting things planned! Children are asked to wear their PE kit for that week.

Wishing you a super half term—we look forward to seeing you all back after the break!

The Reception Team x

Learning at home.

If you get a chance in the holidays, involve your child when shopping and paying for things—talk about the value of the coins and which coins they need to make a given amount. It would also be great to practise writing numerals 0-20.
