

**Just to let you
know.....
16.11. 2012**

Reminders

Parents' Evenings are Tuesday 20th Nov 6-8:30 and Thursday 22nd Nov 4-6:30pm. We do look forward to seeing you all then. Your child is most welcome at this consultation too.
School Fair is Friday 23rd November 6-8pm. This will be plenty of fun.
Animal talks-Looking forward to hearing these, during the week starting Mon 26th **November**.

SPELLING FOCUS

**This week we have looked at the 'oo' sound within words:
broom roof bedroom
zoom took wood stool
pool.
Don't forget to learn your extension / topic words.**

CURRICULUM

During this week the children have had great fun working on a letter of complaint to Noah about the conditions on the Ark. We have been teaching them about the layout of a formal letter. They are continuing to work on classifying animals and looking at decision trees in relation to key questions eg Is it warm blooded?/Is it a carnivore?

In maths we have moved from written methods of addition to column subtraction, remembering to set out work logically and accurately. Work on mass and capacity continues, moving onto problem solving. Most children have now started designing and making their batik animals that will be part of their topic books.
