

The children have enjoyed hearing about the race to the South Pole by Scott and Amundsen. They are now writing chronological reports about this exciting period of history. See if they can tell you about it.

Spelling: Using time connectives

meanwhile, eventually, finally, next, firstly, subsequently, after a while, beforehand
 Bonus words: penguin, leopard, Antarctica, sledge

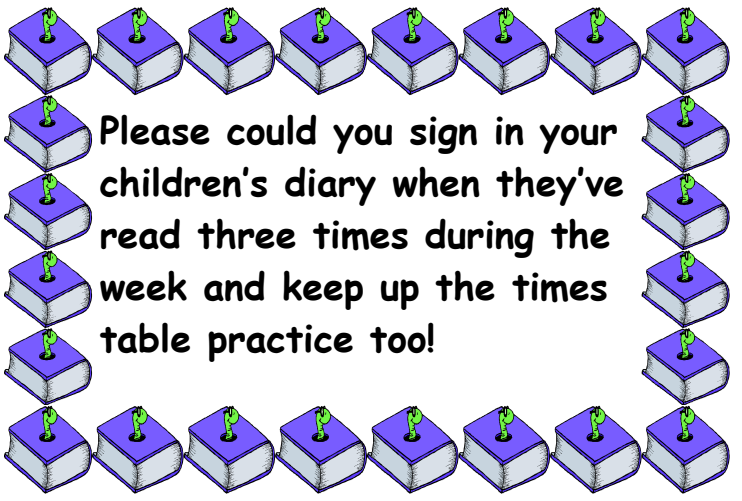

Just to let you know...

Library books changed on Wednesdays. 6C next week

Don't Forget...
 Next week we will be rehearsing for the Christmas production. The children need to make sure they get plenty of sleep as it will be a tiring couple of weeks!

Mathletics
 The children have all been given logins and passwords for this online site. They were also shown what resources are available. Do make the most of this free trial.

Please could you sign in your children's diary when they've read three times during the week and keep up the times table practice too!

Dear Parents,
 We so enjoyed meeting you all this week at parents' evening. Do get in touch if you didn't manage to sort out an appointment.
 Best wishes
 Clare, Sarah, Helen, Mary and Tracey.

In maths this week we have been turning 3D models into 2D drawings, as well as solving puzzles and working logically. We also tackled the basics of algebra, finding out what a mystery letter represents.

In addition, we have consolidated the children's knowledge of the properties of shapes. See what facts your child can remember.— How many parallel sides does a trapezium have? How many vertices does a triangular prism have?
