

Just to let you know...

Reception Hazel & Willow

Maths

Next week we are going to be learning about 2D shapes. We will learn the names square, circle, rectangle, triangle and semi-circle, as well as their properties.

What sort of shapes can you find at home?
Can you make a shape picture? Maybe of an animal...

Walk on the Wildside

Graham Cornick from 'Hydestile Resident Animals' will be visiting on Thursday 28th November.

Please give your forms to the office or see us if you need another letter.

Phonics

This week Willow class is learning the sounds w, ng and v.

Hazel class is learning oo, y and x.

Thank you for practising sounds with your children at home. They are very keen this year! To challenge your child, try covering the pictures so they are looking at the letters only.

We had a lovely time planting bulbs on Wednesday afternoon! Thank you to the students from Surrey University who came to help. We look forward to seeing the flowers grow in the spring.

Fluffy Friday

This Friday is Fluffy Friday. Reception are feeling adventurous and are going to join Year 1 and 2 for some lovely craft activities in their houses.

Children are allowed to come in home clothes but please could they try and wear something in their house colour.

There will also be a £1 collection for the Philippines.

Parents Evening

We are looking forward to seeing you and if you haven't got your appointment slip please do ask us.

The appointments are for 10 minutes and we will do our best to keep to time. Someone in the office will tell you where we are meeting. While you are waiting for your appointment please do take the time to enjoy looking round the classroom and at your child's folder of their lovely work.
