

Curriculum News:

English: The children have been working so hard, writing the final descriptive passage about a volcano. We have been so impressed with the quality of their writing and the ways they have been extending their sentences. They have been enjoying Reading Carousel with all the related reading and word activities. Phonics groups are continuing with children making super progress.

Maths: The children have continued their work on addition and have been trying to apply their knowledge to a variety of word problems. They have also enjoyed some investigations involving money and coins.

Geography: We have delved into the amazing world of plate tectonics this week and looked at how our world has changed over millions of years!

Science: This week we have been using our ears to listen carefully and understand how sound travels.

We so enjoyed meeting you all during the week and talking about your children's progress and how they have settled in. We do appreciate your support and always urge you

The children have enjoyed using their Bibles in RE to look at some Old Testament stories and will be using them in the coming Christmas period.
