

Maths

Practise counting in different intervals (2s, 5s 10s and 3s) using this interactive hundred square:

http://mathsframe.co.uk/en/resources/resource/71/itp_number_grid

(or Google ITP Number Grid & click the link that comes up.

What patterns do you notice as you count in 2s, 5s, 10s and 3s?

Click the number as you count to see the patterns emerge.

This week...

What an exciting week we have had! We began with a wonderful visit to St Paul's Cathedral on Monday. The children loved the visit and were fantastically well behaved. The children have written about their trip, using all their sentence skills including descriptive phrases. In particular they have been learning to use exclamation marks!

We have also been practising our Christmas play, 'Hey Ewe!'. We have been learning some of the songs and starting to find out our stage positions, actions and dances. The children are doing fantastically well learning their lines, songs and dances.

Parent Consultations

It was lovely to see so many of you at Parent Consultation meetings this week. If you would like any further info please come and talk to us any time, or drop us an email:

Christmas Play

You should know by now what part your child is playing, and today should have received a costume letter.

Please let us know if you haven't got this letter, as it is really important!

Thanks in advance for all your help with the play.
