

Curriculum News:

Maths:

In maths the children have been exploring the 'bar model' as a visual approach to numbers.

http://www.mathplayground.com/tb_addition/thinking_blocks_addition_subtraction.html

Science:

This week we were thinking about how sound travels through different materials. We had great fun both making and testing sound defenders.

Geography:

We discussed what we already knew about clouds from our previous work on the water cycle. We learnt about different types of clouds and created our very own cloud in a bottle.

Try it at home!

SPELLINGS:

screech, creep, sweet, freeze, each, leave, please, squeak

SPLASH!

The Year 3 SPLASH performance is at **2:15pm** in the school chapel on **Thursday 24th Nov**. You are all invited to watch. After wards the children will return to their classes to get changed. If you wait for them in the Library, you can take them home from there. Please make sure your child has a named costume in school by Tuesday.

From one performance to another...

HT Christmas Production

This year we are performing 'The Sound of Music.' The Year 6 children have the main parts and then each Year group will have a scene with a song.

Year 3 are singing 'Do-Re-Me.'

They will need woolly hats, scarves, woolly/alpine style jumpers as part of their costume. Please send these in after we have performed SPLASH!

Road Safety Awareness Week

Next week the whole school will be learning about road safety and some of the green cross code.

On **Friday 25th Nov** there will be a mufti day. We would love it if the children could wear **bright/florescent** clothes along with a donation for the school Christmas fair. The Christmas fair will be on **Friday 2nd Dec from 6-8pm**.
