

Maths

This week we have been revising bonds to 20 and solving different empty box puzzles.

Eg $15 + \dots = 26$, $34 - \dots = 20$

Jesse Tree Day (RE day)

We are looking forward to Footprints Theatre Trust who will be working with each class on Tuesday 14th. They will be telling us different bible stories and we will be making something special in our classes to represent the learning from each story to put on a tree. At the end of the day we are going to have a celebration together in the hall. We ask for a donation of £1 please towards this lovely day.

English

We based our learning upon 'Mrs Armitage on Wheels.' We used the pictures to inspire some sentence writing. We ended the week by writing a quiz full of questions about the story and we had fun answering them together. We are also very excited to be beginning to think about the Christmas play, ' Baubles'. The children know what they are going to be in the play and we have started singing the songs. Please look out for a costume letter next week with some more details.

Thank you for coming to see us for Parent Consultations. It is always so helpful to talk together about your child.
