

This week...

We have made the most of the sunshine this week by getting outside for lots of our learning. On Monday we tried many activities to see what we could achieve in 1 minute. On Tuesday we did a super Autumn carousel which involved making leaf sculptures, collages of natural objects, measuring in the Year 2 garden and matching adjectives to objects in our lovely outdoor spaces.

Phonics /Grammar and Punctuation

We have practised writing words with 'au' as in Autumn and 'oe' as in toe. Why not try looking for 'au' and 'oe' words in your reading book this week. We have also been working very hard on remembering capital letters and full stops in all of our writing.

Do you love books and reading?

We are still hoping to find someone to help the children choose library books on Friday afternoons. It is a really lovely session and you would only take small groups of children at any time. Please pop in if you can help. Thank you :)

Maths corner

We have had a super week this week learning to use different methods to add one and two digit numbers. We used number lines, hundred squares and diennes blocks to add carefully and to check our answers.

$$\text{E.g. } 12 + 10 = 22$$

$$14 + 11 = 25$$

$$35 + 10 = 45$$

$$26 + 11 = 36$$

JTLYK Year 2: Walnut and Chestnut

1666 Day - Dressing up Day!

Our very exciting 1666 dressing up day is going to take place on **Thursday 15th October!** Your child will need a costume suitable for the year we are studying! This might sound rather tricky but actually is not too complicated or demanding ... we hope! Costumes can be as simple as:

- shirt and trousers tucked into socks with an optional waistcoat and/or cap
- shawl and a skirt
- Baker's hat and apron
