

**Just to let
you know.....**

Week beg.

17.09.12

REMINDERS

- We hope you are enjoying reading with your child. It would be lovely to see reading books and reading records in school everyday.
- Spelling books should be coming home this week, please help your child to learn their spellings and ensure they return to school for the Monday Spelling Quiz!

It was lovely to see so many of you at the Curriculum Evening last night. If you have any further queries or need more information, this can usually be found through JTLYK or on the Curriculum area on the website. The Woodlands maths website mentioned last week seems to be misbehaving; another useful website that you may like to try is 'My Maths'—have fun!

CURRICULUM

This week the children have been thinking about the three essential items they would need on the Ark. These have varied from binoculars to old comics for loo paper! Ask your child what they chose!

In Maths we have been looking at the value of digits in 2,3 and 4 digit numbers and beginning to order numbers. We are starting to move on from Noah's cubits and spans to more standard units of measurement.
