

The children have written excellent "Buddy Moments", having really enjoyed meeting their buddies during our day out in the Chantries.

We also started work on our topic—"Walk on the Wildside." The children were challenged to think about why the fragile environment of the rainforest is worth protecting and why we need to learn about it.

WISLEY TRIP

Remember to bring a packed lunch, waterproof coat and wear school uniform on Monday for our day out. We will be leaving just after 9 and returning in time for the end of the school day.

Please could you sign in your children's reading journal when they've read three times in the week. Books in on MONDAY.

Just to let you know...

Bikeability forms need to be returned as soon as possible if you would like your child to take part.

We have spent time this week developing a set of values for our classes. Each child has signed and agreed to do their best to live up to them.

HOMEWORK ACTIVITIES

Having read three times this week, your child should be able to summarise the story so far. Ask them to tell you about the characters and indicate in the reading journal how this went. We have launched our weekly times table test and your child will now need to practise to make progress. See page 2 for spelling list

Dear Parents,
We are looking forward to meeting you all at our information evening on Tuesday 17th at 7pm in 6M
Have a great weekend!
Best wishes
Clare, Sarah, Cheryl, Mary and Helen

In maths this week, the children have worked really hard to extend their knowledge of place value. See if they can tell you what they know
Tth Th H T U . Tenths hundredths
Ask what each digit in a number is worth. Also we have covered rules for rounding—try some at home. (5136 to the nearest 100, 32.8 to the nearest whole number etc)
Remember to make use of My maths. The log-in is *pewley* and the password is *squared*
