

We talked together and shared ideas about how we can make Walnut Class a really happy place.

Walnut Class Charter.

'We have kind hands and we share.'

**'We involve everyone in our games and if someone wants to join in we say,
'Yes!'**

'We tell a grown up if someone is hurt or if we need help.'

'We tuck in our chairs and line up in a straight line.'

'When we come into the classroom we smile at each other.'

'We try to get to school on time so we can have fun doing our activities.'

'We listen to each other and help each other learn.'

'We help the children in Reception.'

'We tell everyone at home about something fun we did in the day.'

'We know we can say 'Stop it I don't like it.'

We care for each other and we are friendly and happy.'

We want to look after everything in our lovely classroom.
