

JUST TO LET YOU KNOW..

Maths

The children have worked really hard to develop their understanding of fractions of shape and number. They have added fractions, recording the amount as either an irregular fraction or a mixed number fraction. They have also applied their understanding to solving worded problems involving fractions.

English

During English the children have written a diary in the style of a WW2 evacuee. We are so proud of how hard they are working and have been impressed with the quality of their work.

Geography

This week we have been learning about four figure grid references. The children used a plan view map of 'Westbourne Village' to create an OS map using the correct map symbols with roads, bridges, a river and all of the different buildings at the correct grid reference point.

NOTICES
