

# Just to let you know...

## Maths

In maths this week we have been looking at a variety of different methods to use for addition. In many cases the children are adding large numbers with decimals and then checking their work using the inverse. We then went on to using these skills in solving word problems.

## Spellings

Antennae  
Criteria  
Bacteria  
Spaghetti  
Victorious  
Trebuchet  
Leicester  
Courageously  
Treacherous  
Exiled

## HOMEWORK

Children will be bringing home work they have yet to finish in class.

We have also set a short maths problem solving activity for them to complete- please encourage them to do this and do read out the questions if you feel that would help.

## Literacy

After a great deal of careful editing, the children have finished their recount of the Battle of Bosworth and they are fantastic!

## French

French teaching across the year group has been going really well, with the children thoroughly enjoying learning the alphabet and learning the different pronunciation.

5G had a fantastic time at the RGS learning Tudor dancing and catapult making!  
5N and 5S can't wait for their turn!
