

JUST TO LET YOU KNOW.....

Maths

Finding the inverse has been our focus in maths this week. The children used number lines to solve inverse addition and subtraction operations. They then used this knowledge to complete missing number problems! We also revisited subtraction strategies and how we can use the most efficient method when subtracting.

English

In English the children used recipes as a starting point for their writing focusing on imperatives and organisational devices. They looked at a variety of wartime recipes before making beetroot pudding, potato shortbread and bread pudding, which they all had a taste of!

Art

The children have been very busy designing and making their own bunting for the Year Three Tea Party. If you have any buttons, etc, we would love to have them for our appliqué work.

WW2 Songs

Some of the children would like to practise at home, here are some links to the songs we are learning.
