

Natural History Museum

We are very excited about our trip on Tuesday 13th!

Please meet in the playground at 8.40 and we will then gather the children for the coaches.

We should be back at school around 4 pm, and will let Ruth know if we are going to be late.

Children need to wear school uniform and bring a packed lunch and drinks in a back pack that can be hung up!

Friday 9th May 2014

Maths

This week we have enjoyed analysing bar charts to do with dinosaur measurements. We carried out a 'favourite dinosaur' survey and made our own bar graphs using different scales.

We have also enjoyed using our pedometer scores to help us practise using the $+$ \times $=$ $<$ $>$ $-$ \div to solve maths problems.

Things to do

Try to guess how many foot-steps it will take you to walk around your road. Then go out with a grown up, walk and count as you go - were you correct?

Writing Corner

We have had fun looking at and writing our own 'rhyming couplet' poems. Try to find rhyming words to do with brushing your teeth to make a funny poem!
