

# Just to let you know...

## LEAPS

### **L**earning and Development

### **E**nabling Environments

### **A** Unique Child

### **P**ositive Relationships

This week the children have continued to work on their LEAPs projects. Pupils have had to plan carefully what pieces of work they will produce, which link to the original questions on their topic narratives. It would be fantastic if you could encourage your child to do any further research outside of school, to contribute towards the final showing of their work, next Monday.

Examples of work produced so far:

- Poems
- Paintings
- Life cycle drawings and explanation
- Specie Distribution

Dear Parents

Please remember that next Tuesday (15th) at 1:30 is Sports Day and your child should have their full house PE kit. The swimming gala is next Thursday afternoon, so please ensure your child has their full swimming kit if they are taking part.

Another important date for your diaries is Monday 21st July, 2:30-4:00pm. This is our Celebration Afternoon, when you will have the opportunity to come and look around Year 4, to view all the work the children have produced for their LEAPs.

We hope you have a fantastic weekend.

Best wishes,

Mel, Sheila, Julia and Vicki.

In Maths this week, Year 4 have been using the grid method to calculate multiplication questions. Pupils have been applying their times tables knowledge to try and improve their calculating efficiency.

Please encourage your child to complete the mathletics task for the week.
