

Just to let you know...

In maths this week, we have been doing a series of revision activities including problem solving, angles, protractor use, area and perimeter.

The children have been continuing to work hard on their LEAPs and will be presenting their findings to the rest of their class next week. We have finished off topic books and the children did some atlas work to complete an 'island hunt challenge'.

Dear parents,

The end of term is fast approaching and we've had a busy week! Thank you to everyone who came in to see the children's work at the open afternoon.

A huge well done to everyone for surviving the heat at Sports Day—it was great to see the wealth of talent! It was great to see so many children taking part in the House Swimming Gala, congratulations to everyone who took part and huge thanks to Gillian for organising two such great events!

The children got to spend the afternoon with their new Year 6 classes and teachers this week.

Our church service is at 1.45 on Monday 22nd July, please make sure your children look smart!

Love

Bec, Henry, Alison and Heather
