

# Just to let you know...

Reception

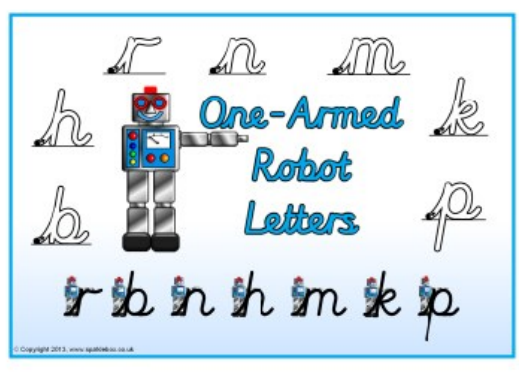

Hazel & Willow

We have been reading 'WHATEVER NEXT!' by Jill Murphy. The children have enjoyed writing about Baby Bear's trip to the moon with owl, acting out their own versions of the story and making sandwiches.

If anyone from Willow or Hazel class would like us to stay over half term, please could you email Sian. We have a holiday cage so will need to be put in a shed/garage/utility space that is undercover.

**Cooking Corner: Green alien cupcakes!** We are running out of cooking money. If you are able to make a donation of £5 for next term, we would be very grateful.

**Phonics**  
This week we will be continuing with our 'one armed robot letters.' It has been lovely to see so many of you practising your curly school writing in your JTLYK books!

**Maths**  
It's been fun learning how to measure the length, height and volume of different objects. Next in maths, we are going to be using money. We will be comparing coins, playing shops and having a go at working out problems using money. Maybe let your child have a look at the coins in your wallet/purse and get them to help you buy things in shops.
