

Year 2

Just To Let You Know

17th March 2026

Dear Parents & Carers,

This week:

The children have come back brilliantly after Easter and it has been lovely to hear what they have been up to!

English

Because it was such a short half term, we have a little bit of our Dinosaurs topic to finish off - including our non-chronological reports about Mary Anning. We continued working on these this week and wrote our first section: *Who was Mary Anning?* We hope to finish them next week and then begin our summer topic.

Maths

In maths this week, we continued looking at measuring length and height. We consolidated our learning about length and height by tackling some word problems using our four operations of addition, subtraction, multiplication and division.

DT

This week we have spent a lot of time doing Design and Technology. We have been designing and making a poster for the Natural History Museum which includes a moving part. The children spent time looking at everyday uses of levers and sliders and then learnt how to make a variety of sliders and levers. They then designed their poster and chose which moving part mechanism they were going to include. After that they spent time carefully making their poster, the children worked so hard and they have turned out so well.

Upcoming Dates

Monday 20th April – Class photos

Thank you for all your support and we hope you have a wonderful Easter break!

Emma (Chestnut class) emmaw@htpd.surrey.sch.uk

Toby (Walnut class) tobys@htpd.surrey.sch.uk
