Just To You Know
Friday 6th October 2026

Dear Parents & Carers,

English
Children became Iron Age chefs as they investigated the features of recipe writing. They planned their own historical recipes, choosing ingredients and equipment that an Iron Age Briton might have used to create a hearty meal for a chilly evening in a draughty roundhouse.

Maths
Children became area experts, learning how to find the space inside shapes by counting squares and using multiplication. As the week progressed, they tackled rectilinear and compound shapes, comparing area and perimeter like real mathematicians.
Ask your child: is Tiny correct?

Do you think Tiny is correct?

History
Children travelled back in time to explore life in Iron Age Britain, discovering how different tribes lived and travelled. They also investigated impressive hillforts and designed their own defensive settlements using evidence from the past. While imagining they were tribal elders they were challenged to choose a suitable site for their hillfort on a map of Guildford in 500BC! **Ask your child what makes a good hillfort location.**

Computing
Children explored what makes a website effective and discovered the different types of content that can be shared online. They also got creative by using Chrome Music Lab Kandinsky to make and share their own digital creations.

Spanish
Children revisited and practised Spanish colour vocabulary through a fun fireworks theme. They listened to and performed a firework poem, using actions, expression and different voices to bring the poem to life.
Can your child remember these colours?

Dates:
- Visiting historian and Roman expert: John Eagle Thursday 12th November (no action required)
- Flu vaccinations: Tuesday 24th November (consent to be given online)

Reminders:
Library: sessions are on Mondays
Reading Journals: (red book) Tuesdays (4S & 4K) Wednesdays (4B)
Swimming: 4S on Wednesday mornings
PE: Tuesday afternoon (4K,4B and 4S) and Wednesday mornings (4K and 4B)

Spellings: the short 'i' sound. Please learn for Monday 9.11.26:
experiment, build, different, binoculars, builder, minute, analysis, consider, interesting, ethical.

Have a great weekend,
The Year 4 Team
